Md. Tanvir Mahmud Fuad

tm.fuad05@gmail.com | +8801622737988 | LinkedIn | GitHub | Portfolio

Professional Summary

Full-Stack Software Developer specializing in Next.js and TypeScript, focused on building scalable, production-grade applications with secure authentication, efficient API design, and high-performance user experiences..

Technical Skills

Frontend: React, Next.js, Tailwind CSS
Backend & Security: Node.js, Express, Clerk, Better Auth, JWT, Firebase
State & Validation: Zustand, Zod, TanStack Query
Database & ORM: MongoDB, PostgreSQL, Prisma
Languages: JavaScript (ES6+), TypeScript, HTML, CSS
Tools: Docker, Git, GitHub, VS Code

Projects

FitRack – Fitness Tracking Platform

Live | Client | Server

- Built a **role-based dashboard** with secure authentication and user management
- Integrated **Stripe payments** with efficient transaction and data flow handling
- Designed scalable backend APIs for managing user activity and subscriptions
- **Tech:** React, Node.js, Express.js, MongoDB, Firebase, Tailwind CSS

PastPortals – Artifact Management System

Live | Client | Server

- Developed a **full-stack CRUD application** with authentication and protected routes
- Designed **modular REST APIs** for scalable and maintainable data operations
- Implemented structured data management with filtering and organization features
- **Tech:** React, Node.js, Express.js, MongoDB, Firebase, Tailwind CSS

Visorix – Visa Management System

Live | Client | Server

- Built a **visa management platform** with dynamic filtering and search functionality
- Implemented **secure authentication** and protected routes
- Developed interactive dashboards for managing visa applications and user data
- **Tech:** React, Node.js, Express.js, MongoDB, Firebase, Tailwind CSS

Experience

Self-Driven Full-Stack Development

- Collaborated with other developers using Git and GitHub for version control, pull requests, and code reviews
- Built and deployed multiple full-stack applications
- Worked with client-server architecture and API integration
- Practiced clean code, modular structure, and version control using Git

Education

Bachelor of Science (BSc) in Computer Science and Engineering (CSE) | Ongoing

East West University, Dhaka

Higher Secondary Certificate (HSC) | 2025

Dhaka College, Dhaka

Achievements

- Developed and deployed **3+ full-stack** applications
- Improved performance using **SSR** and optimized data handling
- Continuously learning backend technologies including **PostgreSQL** and **NestJS**

Certifications

Complete Web Development Course (MERN Stack)

by **Programming Hero**

Issue Date: Mar 2025 | **Credential ID:** WEB10-1326 | **Certificate Link**

Languages

- Bangla (Native)
- English (Professional Working Proficiency)
